### **OCR LEVEL 1/2 CAMBRIDGE NATIONALS IN CREATIVE iMEDIA**

The Cambridge National in Creative iMedia equips students with the wide range of knowledge and skills needed to work in the creative digital media sector. They start at pre-production and develop their skills through practical assignments as they create final multimedia products.

#### **R081: Pre-production skills**

Students are introduced to a range of essential pre-production techniques used in the creative and digital media, including client brief, time frames, deadlines and preparation techniques

#### **R082: Creating digital graphics**

Building on the skills and understanding that they have developed in the previous unit, students explore where and why digital graphics are used and the techniques that are involved in their creation. They apply their skills and knowledge in creating digital graphics against a specific brief.

#### **R085: Creating a multipage website**

Students explore the different properties, purposes and features of multipage websites. They demonstrate their creativity by combining components to create a functional, intuitive and visually pleasing website.

#### **R086: Creating a digital animation**

Students are introduced to the basics of digital animation for the creative and digital media sector. They follow a client brief to plan and create a digital animation using appropriate animation, and then review the final product.
