## **Edexcel Combined Science: Chemistry**

#### **Completion Date**

June 2024

Earth's Atmosphere

Revise

Fuels

Assessment point 2 w.c. 29<sup>th</sup> January

Heat energy changes

Observing a colour change

Measuring gas production

Rates of Reaction

Groups in the periodic table

Reversible Reactions and Equilibra

Assessment point 1 w.c. 16<sup>th</sup> October

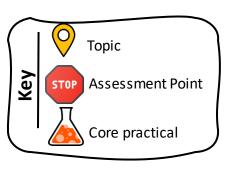

Year 11

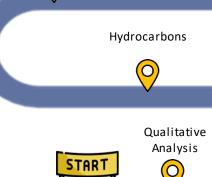

### **Edexcel Chemistry: Separates**

# Completion Date June 2024

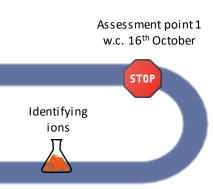

**Polymers** 

(O

Year 11 -Separates content only

### **AQA Combined Science: Chemistry**

### **Completion Date**

**July 2025** 

Assessment point 3 w.c. 17th June

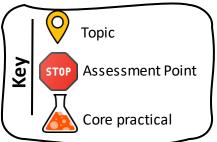

**STOP** 

Energy changes

Investigating temperature changes

**Investigate the** electrolysis of salts

Electrolysis

Chemical changes

Prepare a salt from an insoluble salt

Assessment point 2 w.c. 4th March

Chemical Calculations

Assessment point 1 w.c. 20th November

The Periodic Table

Structure and Bonding

Year 10
