How pupils prepare and present themselves for their academic day, is highly important at Norton Canes High School. Adhering to the code of dress ensures that pupils focus on their academic studies, and creates a unity amongst the school community where every pupil takes pride in presenting, and representing, the school by following the Code of Dress. It is felt that this not only supports pupils in their attainment, but also prepares pupils with valuable life-skills where pride, presentation and conformity are key skills searched for by employers. Parents should contact the school if they are unsure whether an item, style or garment is suitable prior to purchase.

Parents are advised to label all items of clothing and equipment that a student brings into school. Lost property can be viewed in the reception area at the end of the school day. Should a student not have an item of uniform, parents are asked to notify the school either by providing their child with a note, or contacting the school office.

Students should wear their uniform smartly and with pride, including on their journey to and from school, where they continue to represent the school's values.
